

Open to all FOS & FOE Staff and Students

# Nestlé Sustainability Research Fund

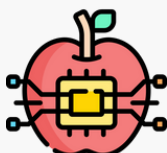

**Up to \$100,000 per project!**

Set up in conjunction with NUS to accelerate development of novel products for Southeast Asian consumers, the fund aims to support projects on **side stream valorisation**.

## AREAS OF INTEREST:

Sourcing and characterization of food and agricultural side streams for **food or packaging applications**

Development of sustainable and scalable **technologies** to improve safety, functionality and nutritional profile of side streams

**Understanding nutritional and health impact** of human and pet food containing upcycled side stream

**Submit the completed form by  
16 SEPTEMBER 2022, 12 PM  
to Ms. Tham Lai Ying at  
[scitly@nus.edu.sg](mailto:scitly@nus.edu.sg)**
