

THE HEARTLAND MARKET

Go vocal for local

19 Feb 2025 (Week 6, Wed), 10am–5.45pm
Medicine+Science Library @ FOS

MICROGREENS WORKSHOP

Insights from regulators, producers and consumers!

What does SG's local produce landscape look like?

FIRESIDE CHAT

FARMERS' MARKET

Beyond FST Classroom proudly collaborates with:

NUS Libraries

Department of Food Science & Technology
Faculty of Science

NUS Environmental Research Institute

FARMERS' MARKET

Marketplace of local treasures

CLEAN AND REAL FOODS

Clean and Real Foods offer fresh plant-based sauces, dips, and bakes made with no preservatives, crafted in small batches.

AURORAFOOD

AuroraFood is a wellness-inspired food tech company founded by three food scientists from NUS selling low GI food products.

FOGO FUNGI

Fogo Fungi is a Singapore urban mushroom farm that upcycles byproducts to produce a wide variety of premium, high-quality exotic gourmet mushrooms.

GREENLOOP FARMS

Greenloops brings fresh, locally produced microgreens and vegetables while inspiring people to reconnect with the roots of their food.

NUVOJOY

Nuvojoy brings low glycemic index (GI) Asian desserts and premixes such as soy puddings to offer healthier dessert alternatives.

LEMUEL CHOCOLATE

Lemuel Chocolate is a bean-to-bar chocolate maker in Singapore, which started out of their life-long love and passion for chocolate.

MICROGREENS WORKSHOP

Cultivate your own microgreens!

Are you curious about microgreens and want to learn a new hobby?

Come join us on a fun-filled workshop where you will learn all about them!

In this workshop, you will:

- Bring home a microgreens growing kit
- Propagate Brazilian Spinach via stemming with materials you can easily find at home!

*Workshop is only open to NUS students
